

WELCOME

Classroom Champions Athlete Mentors are excited to be involved with your child's class for three video lessons this year. In the first lesson, the Athlete Mentor introduced himself or herself, and shared that in the next two lessons students will be challenged to set goals and adopt a healthy lifestyle that includes avoiding underage alcohol use. Your child's teacher will be designing activities and projects for further exploration on these topics.

CLASSROOM CHAMPIONS®

Because Kids Have What It Takes

Ask your child about Classroom Champions:

- Who is your Athlete Mentor?
- How did you find out about him or her?
- What can you tell me about this person?
- What advice would an Olympic athlete have for students, beyond sport?

Your child might be interested in hearing about someone in your childhood who influenced your future. Did you have a mentor of any kind? A favorite teacher or a relative who encouraged you?

Classroom Champions Mentor Athletes use a 21st-Century pen pal approach to teaching students how to dream big, and how to accomplish those dreams. More than 35,000 students will participate in lessons this year.
